

Pompa ricavata dal solido lavorata con macchine utensili CNC
Pump built from solid with cnc machines

pompa azionata ad aria compressa
AODDP air operated diaphragms pump

rivoluzionaria valvola di scambio brevettata 2 pezzi in movimento

Revolutionary patented air valve with only 2 moving parts

portata max 19 L/min	max flow rate 19 Lt/min
solidi in sospensione max 0,2 mm	max solid size 0,2 mm
pressione di alimentazione 2-8 bar	max air inlet pressure 2-8 bar
aspirazione: a secco 3,5 mt-bagnata-8 mt	suction lift: dry 3,5mt-wet:8 mt
attacchi fluido: 3/8" Gas	liquid connections: 3/8" Gas
parti bagnate: alluminio-PTFE	wetted body materials: AL
membrane e sfere :PTFE	diaphragm/check valve:PTFE

costruiamo pompe a membrana da 40 anni

we have been building air operated diaphragms pumps for 40 years

 quick contact:3487966660

We have numerous patents for AADDP-Diaphragms for pumps and special customized valves

PROGETTO

DN8-19 lt/min

N. DISEGNO

402441/AL
