

Pompa ricavata dal solido lavorata con macchine utensili CNC
Pump built from solid with cnc machines (PP-PE-PVDF-PTFE)

fissaggio M6
fixing M6

portata max 52 L/min	max flow rate 52 Lt/min
solidi in sospensione max 0,32 mm	max solid size 0,32 mm
pressione di alimentazione 2-8 bar	max air inlet pressure 2-8 bar
aspirazione: a secco 3,5 mt-bagnata-8 mt	suction lift: dry 3,5mt-wet:8 mt
attacchi fluido: 1/2" Gas	liquid connections: 1/2" Gas
parti bagnate: PP	wetted body materials: PP
membrane e sfere :PTFE	diaphragm/check valve: PTFE

We have numerous patents for AADDP-Diaphragms for pumps and special customized valves

PROGETTO **DN15-52 lt/min**

N. DISEGNO **402446/PLAS**
